

MICROMEDEX CareNotes System

The MICROMEDEX CareNotes System includes documents to assist healthcare professionals in educating patients about their immediate condition, treatment options, follow-up care, and continuing health concerns. These Documents offer patient-centered medical information on a wide range of topics—including cardiovascular and thoracic surgery, dental and oral surgery, infectious diseases, pediatrics, and respiratory concerns—designed to improve care and achieve the most successful outcomes.

To Access CareNotes

1. Select Databases from the Library pull-down menu on the JEFFLINE home page.
2. At the Database Access page click on MICROMEDEX Web.
3. Click The Care Notes System link on the MICROMEDEX home page.

OFF-Campus users must use their Campus Keys and Passwords to log in to MICROMEDEX Web.

NOTE: There are a limited number of simultaneous user licenses for MICROMEDEX. If you are unable to gain access please try again at a later time.

What's in the CareNotes System?

- Concise documents, written at a 6th to 8th grade reading level
- Available in English or Spanish

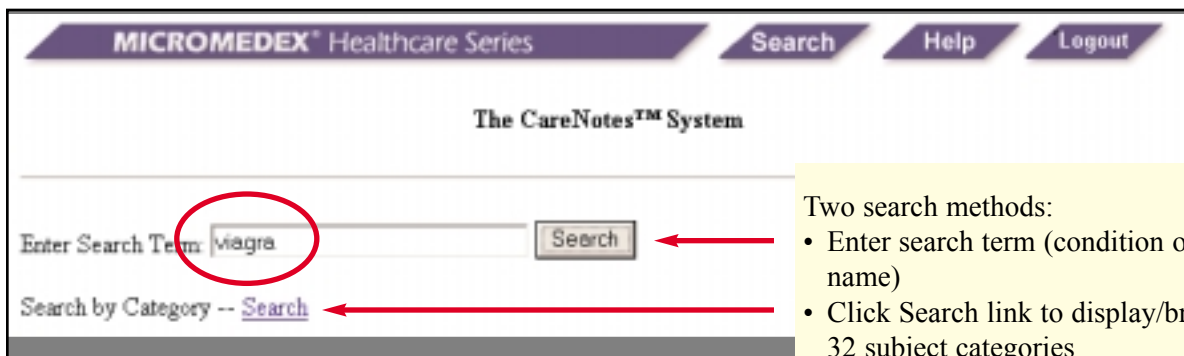

CareNotes Documents

Patient education materials on conditions, treatment and follow-up care; address psychosocial issues and continuing health concerns.

DrugNotes Documents

Overviews of approximately 1,000 frequently prescribed drugs; searchable by trade or generic drug name.

Searching the CareNotes System

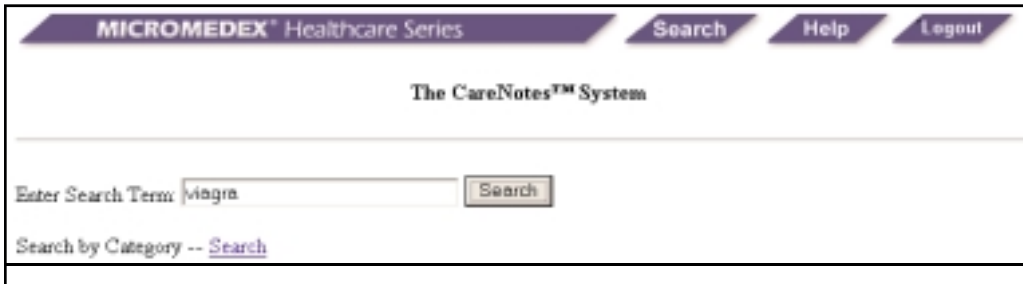

Two search methods:

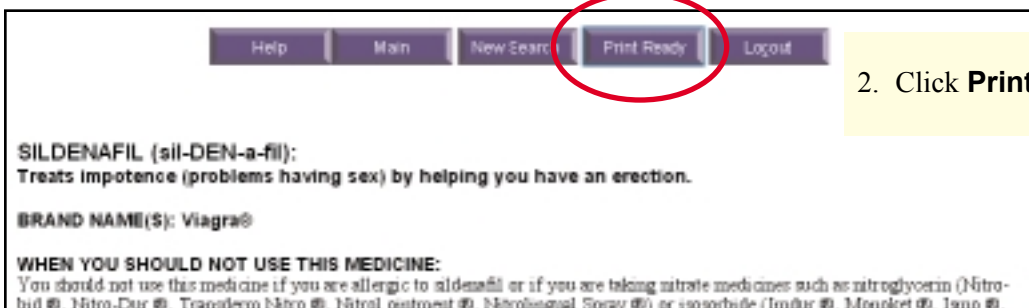

- Enter search term (condition or drug name)
- Click Search link to display/browse 32 subject categories

Customizing Patient Handouts

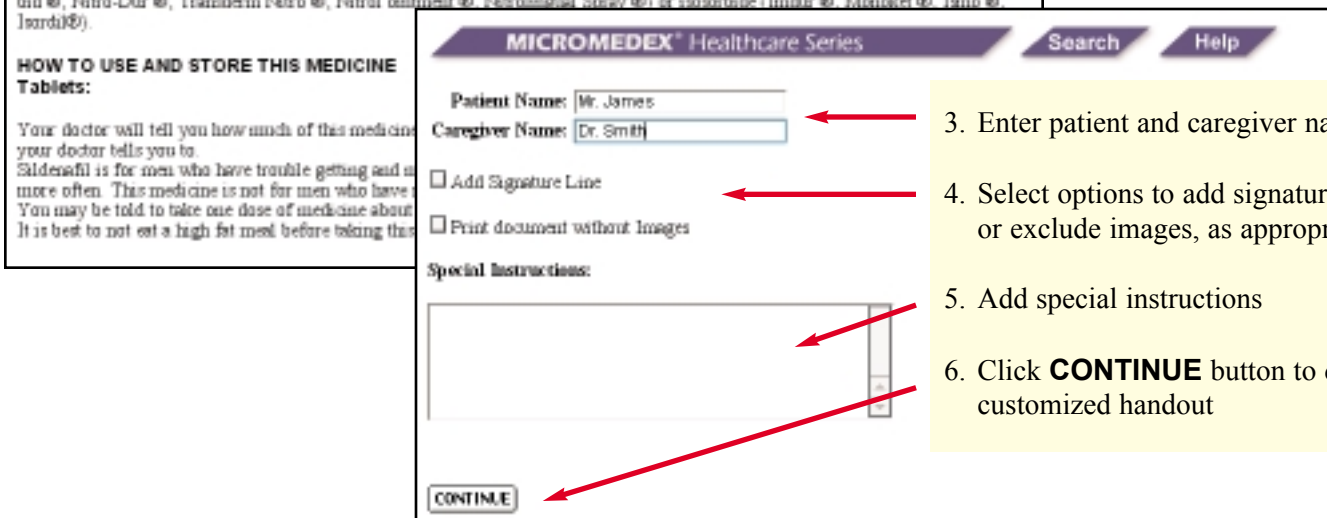

Handouts may be customized to include patient name, caregiver and any special instructions.

1. Enter search term and click to display document

2. Click **Print Ready** button

3. Enter patient and caregiver names
4. Select options to add signature line or exclude images, as appropriate
5. Add special instructions
6. Click **CONTINUE** button to display customized handout
