Michael Unger, MD
Maria Werner-Wasik, MD

4th Annual Lung Cancer Symposium

Bluemle Life Sciences Building, 233 S. 10th Street, Philadelphia, PA 19107

Friday, March 11, 2016

This program is specifically designed for specialists whose practice focuses on the screening, diagnosis, management, and treatment of lung cancer. The Course Directors, led by Dr. Mani S. Kavuru, MD, Professor of Medicine, Director of the Division of Pulmonary and Critical Care Medicine and Director of the Jane and Leonard Korman Lung Center at Jefferson, have developed a multidisciplinary program, offering participants a unique opportunity to review the most current evidence supporting how they manage and treat patients diagnosed with this disease with experts in the fields of Pulmonary and Critical Care Medicine, Surgery and Oncology and in cooperation with the Sidney Kimmel Cancer Center at Jefferson.

Who Should Attend:

Specialists in pulmonary critical care medicine, surgical critical care, general surgery, hematology/ oncology, pulmonary disease, surgical/medical/radiation oncology, thoracic surgery, respiratory therapists, nurses/nurse practitioners, and interested allied health professionals who focus on the screening, diagnosis, management, and treatment of lung cancer.

Key topics include:

- *Revolution in Systemic Therapies for Lung Cancer*
- *Evolving Role of Bronchoscopy in Lung Cancer*
- *Beyond Low-Dose Computed Tomography (LDCT): Emerging Markers in Lung Cancer Screening*
- *Early Stage Medically Inoperable Non-Small Cell Lung Cancer (NSCLC): Local Ablative Therapy*
- *Early Adenocarcinoma at Risk for Over Diagnosis?*
- *The 8th Edition of the TNM Classification of Lung Cancer: Rationale and Benefits*
- *Lobectomy vs. Sub-Lobar Resection*
- *Medically Operable NSCLC: Wedge vs. Stereotactic Body Radiation Therapy (SBRT)*
- *Lively, interactive panel discussions on:*
 - *Challenges in Lung Cancer Screening, Shared Decision Making, and Smoking Cessation*
 - *Marginal Lung Function, Approach to Stage IIIA Disease: Challenges*
 - *Mock Tumor Board with Case Presentations*
