COURSE DESCRIPTION:

The 2nd Annual Hot Topics in Neurocritical Care Symposium, sponsored by the Department of Neurological Surgery and Neurology, is designed for all specialists working in the fields of emergency medicine, internal medicine, hospital medicine, neurology, critical care, and neurosurgery. This symposium will offer participants an opportunity to witness experts deliberate how they would manage critically-ill neurological patients according to the most recent evidence-based guidelines. The American Heart Association/American Stroke Association, the American Academy of Neurology, the Neurocritical Care Society, the Society of Critical Care Medicine, and the Congress of Neurological Surgeons and the American Association of Neurological Surgeons guidelines will be reviewed.

TOPICS INCLUDE:

- Advanced Medical Management of Subarachnoid Hemorrhage
- Hypothermia: Beyond the Chain of Survival
- Point Counterpoint Transfusion in the NICU
- New Guidelines for Status Epilepticus
- Antiplatelets and Anticoagulation in the Neurocritical Care Setting

COURSE CO-DIRECTORS:

Rodney D. Bell, MD
Department of Neurology

Jack I. Jallo, MD, PhD, FACS
Department of Neurological Surgery
