## Complementary and Alternative Medicine in Infertility

*Presenter:*

**Jacqueline N. Gutmann, MD**

A graduate of Yale University School of Medicine, Dr. Gutmann completed her residency in obstetrics and gynecology as well as fellowships in reproductive endocrinology and menopausal health care at Yale-New Haven Hospital. Dr. Gutmann is Clinical Associate Professor of Obstetrics and Gynecology at Thomas Jefferson University and a physician at Northern Fertility and Reproductive Associates. Dr. Gutmann has published numerous articles on infertility, polycystic ovarian syndrome, assisted reproductive technology, and complementary and alternative medicine in infertility. She is also a reviewer for several publications including the *Journal of Clinical Endocrinology & Metabolism*, *Obstetrics and Gynecology*, and *Human Reproduction*. Dr. Gutmann has held numerous leadership positions in local and national professional organizations and is on the medical advisory boards of several patient advocacy groups.

### Overall Goals and Objectives:

1. Review causes of infertility and treatment causes.
2. Outline uses of complementary and alternative medicine in infertility treatment
3. Review evidence supporting use of complementary and alternative medicine in infertility treatment.

Jefferson Medical College of Thomas Jefferson University is accredited by the ACCME to provide continuing medical education for physicians. Jefferson Medical College designates this educational activity for a maximum of 1 *AMA PRA Category Credit(s)*™. Physicians should only claim credit commensurate with the extent of their participation in the activity.
