10. Any tips on how to get the most out of this rotation? This was the best rotation I did in medical school and I would recommend that anyone interested in anesthesia at UNC do this rotation. Even if you think you don't want to go to UNC, the hospital is great, the area is friendly, and the rotation is very well organized.

13. Did this rotation help you get an interview? Yes, they will give you one if you rotate there.
14. Is housing provided? If not, any recommendations on where to stay? No, try to email a UNC med student and ask him or her to put your request on their discussion board.
