What were your daily duties?

See patients that had a cardiology consult and present the patients case to the attending

Did this rotation (check one):

Create new interest in the specialty

Reinforce existing interest

Decrease interest

Have no effect

Any tips on how to get the most out of this rotation? Did this rotation help you get a letter of recommendation? Or an interview?

My opinion is if you go there and work hard, then you get the most out of it. If you want to get a lot out of the rotation you can, otherwise you can go there and do nothing. I believe that if you are spending the money to do an away rotation then you should get something out of it. I did get a letter and an interview from this rotation.

Any Warnings or Things Not To Do: no

Is housing provided for students? If not, where did you stay?

Is parking provided?

No housing or parking. I stayed with friends in the area.

Who did you contact to set up the rotation?

Grace – Ramirez Maldonado @ Bellevue Hospital. Look on the NYU website for away student rotations.

Would you recommend this rotation for future JMC 4th years?

Definitely

Please add any other comments (strengths, weaknesses of the program):

THANK YOU!
