

AWAY ROTATION EVALUATION FORM

Specialty: Emergency

Medical School / Hospital: York Hospital

Month/Year of Rotation: October 2006

How would you rate your overall experience? (check one)

Poor Fair Good Very Good Excellent

How many hours/week were you on duty? 40

How many hours/week did you spend with interns? _____

Residents? _____

Fellows? _____

Attendings? _present directly to attendings 90% of time

Did you meet/work with the Residency Program Director? The Dept Chair?

If so, any tips? I didn't meet with him. The opportunity was available, but it seemed unnecessary to me. Maybe I'm dumb.

What were your daily duties? See as many patients as you want, present them to attendings. Do your own procedures (I did an LP, as much suturing as I cared to do).

Did this rotation (check one):

Create new interest in the specialty

Reinforce existing interest

Decrease interest

Have no effect

Any tips on how to get the most out of this rotation? Did this rotation help you get a letter of recommendation? Or an interview?

I got a very strong LOR from this program. I was happy to get it, as other rotations made it harder to get a good letter.

Any Warnings or Things Not To Do:

Is housing provided for students? If not, where did you stay?

Is parking provided?

Housing is superb. Not only do you get free food, but they have food sitting around your housing in case you're too lazy to go to the cafeteria.

Who did you contact to set up the rotation?

yorkhospital.edu has a form to fill out

Would you recommend this rotation for future JMC 4th years?
Absolutely. You can get a good letter and a wonderful experience.

Please add any other comments (strengths, weaknesses of the program):
It's not a highly respected program, but I think highly of it. They gives lots of responsibility to students, but they also don't care if you slack off for a bit while you first collect your bearings. This was really an ideal rotation. And, free food is key, and mostly good.

THANK YOU!
