6. Did you meet with or work with the Residency Program Director or the Department Chair? I met with the Residency Program Director
7. Which attendings had the greatest influence on your experience? I only worked with the one attending who was on floors that month
8. What were your daily duties? I would do consults that were called in and participated on rounds with the team. I was expected to follow the patients I consulted until discharge.
9. Did this rotation (check one):
 Create new interest in the specialty
 Reinforce existing interest
 Decrease interest
 Have no effect

10. Any tips on how to get the most out of this rotation? Try to come up with a plan before rounds, so that you actually get to think through the consult
11. Any warnings or tips on what NOT to do? No
12. Did you get a letter of recommendation? Yes I asked for one
13. Did this rotation help you get an interview? Not sure at this point
14. Is housing provided? If not, any recommendations on where to stay? Housing is not provided. If you have no ties in Pittsburgh, I would suggest looking on Craig's List for a place in Shadyside.
15. Is parking provided? If not, any recommendations on where to park? Parking is not provided. You could park in lots but that gets expensive. The bus runs up and down 5th Ave and comes fairly often, so bus is generally the best means of transportation.
16. Who did you contact to set up this rotation? Theresa Cullens from the medicine department
17. Would you recommend this rotation to future JMC 4th years? Of course
18. Please add additional comments (strengths, weaknesses, miscellaneous tips...)
Like most consult services, you act at the same level as residents, which is very fulfilling.

THANK YOU!
