

Away Rotation Evaluation Form

1. Specialty: Family Medicine
2. Medical School / Hospital: University of Colorado Health Sciences Center in
Denver, Colorado
3. How would you rate your overall experience? (check one)
 Poor Fair Good Very Good Excellent
4. How many hours per week were you on duty? 45
5. How many hours per week did you spend with:
 - a. Interns 0
 - b. Residents 15
 - c. Fellows 0
 - d. Attendings 30
6. Did you meet with or work with the Residency Program Director or the
Department Chair? Yes, I was able to work with both the residency director and
the chairman a few times during my rotation. Both were very nice and easy to get
along with.
7. Which attendings had the greatest influence on your experience? I worked with
Dr. Montgomery a lot who was a good role model in patient care.
8. What were your daily duties? I spent most of my time in the outpt clinic seeing
patients. I would either work with a resident or an attending seeing patients and
then presenting them. I was expected to write notes on the computerized charting
system and was able to help perform a variety of procedures. I also spent 1 week
on the inpt service rounding with the team and attending conferences.

9. Did this rotation (check one):

Create new interest in the specialty

Reinforce existing interest

Decrease interest

Have no effect

10. Any tips on how to get the most out of this rotation? I would definitely do both inpt and outpt as they are in different parts of the city and you get a better feel for the program and the pt population. Also, make sure to go to the mountains as much as possible and take advantages of your free weekends. If you are interested in family medicine, there are several other programs there in Denver and I wish I would have taken the time to at least look into or talk to other residents in those programs.

11. Any warnings or tips on what NOT to do? Can't think of any.

12. Did you get a letter of recommendation? No, but only because I already had 4 letters.

13. Did this rotation help you get an interview? Yes. They offered me an interview before I left.

14. Is housing provided? If not, any recommendations on where to stay? Housing is not provided but the program coordinator did email me a list of names of people to contact for housing. I ended up subletting from a girl who was not affiliated with the school but received her info from a friend whose name was on the list. It ended up working out really well and was not too expensive.

15. Is parking provided? If not, any recommendations on where to park? Yes, parking is provided and I recommend having a car even though they do have good bike routes and bus systems.
16. Who did you contact to set up this rotation? Alice Skram is the program coordinator for the family medicine department. Her email is alice.skram@uchsc.edu
17. Would you recommend this rotation to future JMC 4th years? Yes, everyone in the program was very nice and made me feel welcome at all times. They also took the time to make sure I was having a good experience and seeing everything I wanted to. Not to mention, that Denver is a fun city with great outdoor activities so if you like hiking and skiing, it's a great place to visit.
18. Please add additional comments (strengths, weaknesses, miscellaneous tips...)

THANK YOU!
