

Away Rotation Evaluation Form

1. Specialty: Nephrology
2. Medical School / Hospital: Johns Hopkins
3. How would you rate your overall experience? (check one)
 Poor Fair Good Very Good Excellent
4. How many hours per week were you on duty? 50
5. How many hours per week did you spend with:
 - a. Interns 0
 - b. Residents 1
 - c. Fellows 40
 - d. Attendings 15
6. Did you meet with or work with the Residency Program Director or the Department Chair? I set up a meeting with the PD
7. Which attendings had the greatest influence on your experience? Dr. Michael Choi was the attending I worked with—he was amazing to work with! He is the Nephrology Fellowship Director, and was extremely dedicated to teaching.
8. What were your daily duties? Seeing and writing notes on old patients; seeing new consults; watching renal biopsies; going to Renal conferences.
9. Did this rotation (check one):
 Create new interest in the specialty
 Reinforce existing interest
 Decrease interest
 Have no effect

10. Any tips on how to get the most out of this rotation? Meet with the PD, go to Resident Report and Medicine Grand Rounds, although it is hard to do because Renal conferences overlap. See as many consults as you can so you can present to the attending.
11. Any warnings or tips on what NOT to do?
12. Did you get a letter of recommendation? Yes
13. Did this rotation help you get an interview? Yes
14. Is housing provided? If not, any recommendations on where to stay? Housing provided in dorms across the street from the hospital—and you can use the gym just around the corner! Dinner options usually lacking.
15. Is parking provided? If not, any recommendations on where to park? Parking is provided at \$5/day for students.
16. Who did you contact to set up this rotation? Emma Sullen esullen1@jhmi.edu or call her at 410-614-4320.
17. Would you recommend this rotation to future JMC 4th years? Yes!
18. Please add additional comments (strengths, weaknesses, miscellaneous tips...)
Nephrology is not a common elective choice so the advantage is I was the only student there during my month. Sometimes it's hard to get a feel of the residency program, which is what you really want to see, since you work closely with fellows and not the residents. In order to get a better feel of the program, try to meet with the Chief Residents, attend the medicine conferences, and interact with interns taking care of the patients that you see consults on (all things I wish I had done more of!).

THANK YOU!
