

## AWAY ROTATION EVALUATION FORM

Specialty: Ophthalmology

Medical School / Hospital: Johns Hopkins

How would you rate your overall experience? (check one)

Poor    Fair    Good    Very Good    Excellent

How many hours per week were you on duty? ~40

How many hours per week did you spend with:

Interns – 0

Residents – 5

Fellows – 35

Attendings – 5

Did you meet or work with the Residency Program Director or Dept Chair? Yes

Which attendings had the greatest influence on your experience? Dr. Walter Stark

What were your daily duties? No responsibilities, just show up.

Did this rotation (check one):

Create new interest in the specialty

Reinforce existing interest

Decrease interest

Have no effect

Any tips on how to get the most out of this rotation? On the first day ask if there are any papers or projects that you can work on.

Any tips on what NOT to do? No

Did you get a letter of recommendation? Yes

Did this rotation help you get an interview? If you are not the primary author on a published paper, you will not get an interview regardless of whether or not you do a rotation there. However, the rotation gives you the opportunity to work closely with a very well respected ophthalmologist whose letter of recommendation will help in getting interviews everywhere.

Is housing provided? If not, any recommendations on where to stay? Yes

Is parking provided? If not, any recommendation on where to park? Yes \$5/day

Who did you contact to set up the rotation? I used the visiting student elective section of AAMC website for contact info.

Would you recommend this rotation to future JMC 4<sup>th</sup> years? Yes, great opportunity to work one on one with an attending for an extended period of time.

Please add any other comments (strengths, weaknesses, miscellaneous tips, etc.): Hopkins runs on a different schedule than JMC, so you need to set up the rotation for block one of 4<sup>th</sup> year or plan to take a few weeks off to fit it into our schedule. However, Hopkins does not offer a general clinical elective at this time, so sign up for a preceptorship. Send in your applications as soon as possible because the attendings only take one medical student each and I am not sure how many attendings participate in the program.

THANK YOU!
