10. Any tips on how to get the most out of this rotation? It's a tough rotation to do much work on because it's all consults. You can try to go to outpatient clinic for a day or two. For a really hands on experience, though, you'd have to try another service where you cover inpatients.

11. Any warnings or tips on what NOT to do? The standard stuff.

12. Did you get a letter of recommendation? Yes, from Dr. Weiss, who I had known before the rotation.

13. Did this rotation help you get an interview? I think so, yes.
14. Is housing provided? If not, any recommendations on where to stay? No.

17. When did you apply for the rotation and when did they inform you that you got the rotation?
Applied early spring (March or April); heard in July; rotation was in September
18. Were there any special requirements for the rotation (i.e. BLS re-certification, LOR, etc.)?
No.
19. Would you recommend this rotation to future JMC 4th years? If you're interested in here I would, otherwise something else may be more high yield as far as involvement and program exposure.
20. Please add additional comments (strengths, weaknesses, miscellaneous tips...)
