

Marijuana and the Developing Brain: Time to Shake Up the Pot World Breastfeeding Week: August 1-7, 2017

Program Goal:

Demonstrate variations in current guidelines related to breastfeeding and marijuana use.

Program Topics Include:

- 1) Known effects of marijuana and associated adverse health outcomes.
- 2) Variations in current guidelines related to breastfeeding and marijuana use.
- 3) Basic scientific evidence suggesting that breastfeeding and concurrent maternal marijuana use could pose harm to the breastfed infant.
