Fundamental Critical Care Support Course

Monday, December 15 - Tuesday, December 16, 2014

Bluemle Life Sciences Building, Thomas Jefferson University

Course Description:

Jefferson is proud to be a licensed provider for The Society of Critical Care Medicine's (SCCM) internationally recognized Fundamental Critical Care Support (FCCS) course. FCCS training prepares non-intensivists, nurses, house staff, and other critical care practitioners for the preliminary evaluation, stabilization and management of critically ill or injured patients until a transfer or expert consultation can be organized. This is a standardized two day course including a combination of didactic lectures and case-based skills stations. Small group stations are a hallmark of FCCS training, so space is limited, register today!

Topics Will Include:

- Airway Management
- Neurologic Support
- Diagnosis and Management of Shock
- Management of Life-Threatening Electrolyte and Metabolic Disturbances
- Plus 7 case-based skills stations

Registration Now Open!

Registration Fees:

Registration fee includes didactic lectures, workshops, coffee breaks, lunch and FCCS text book. *Shipping costs may apply - see website for details.*
