6th Annual Navigating Spinal Care Symposium: Update on Spinal Trauma and Spinal Cord Injury Management

Friday, May 22, 2015 • 8:00AM - 2:35PM

Dorrance H. Hamilton Building, 1001 Locust Street, Philadelphia, PA 19107

Course Description:

This year's symposium focuses on the latest evidence-based management of all aspects of spinal cord and spinal column trauma. The didactic presentations will allow practitioners to review the latest evidence and trends in practice, with practical applications interwoven throughout the day. The case-based format will allow participants to bring the symposium's information to patient care, and demonstrate how to apply the latest evidence-based information into their practices.

Target Audience:

Neurologists, Neurological Surgeons, Physiatrists, Pain Management Physicians, Orthopedic Surgeons, Trauma Surgeons, Primary Care Physicians, Emergency Medicine/Critical Care Personnel, and Allied Health Professionals.

Key Topics include:

- Spinal Cord Injury – A Patient's Perspective
- Acute Management of Spinal Cord Injury
- Spinal Cord Injury Research
- Cervical Trauma
- Thoracic, Lumbar, and Sacral Trauma
- Rehab and Long-Term Care of Patients with Spinal Cord Injury

REGISTRATION NOW OPEN!
