Maximizing Use of CHDB Data in Times of Scarce Resources:
Real-World Experiences from Members & Affiliates

In these times of scarce resources, it is becoming increasingly important to base funding decisions and program planning on actual community need. As always, the Community Health Data Base can help you do this.

Please join us on May 14th for a panel discussion on how CHDB Members and Affiliates have used CHDB data recently to strengthen and support the work they do. This includes using CHDB data for funding proposals, marketing & outreach, community assessment projects, and new research in public health.

Date: May 14, 2009
Time: 2:30 – 4:00 pm
Place: Public Health Management Corporation
260 S. Broad Street, 18th Floor
Philadelphia, PA 19102
R.S.V.P. Johanna Trowbridge via email at johannat@phmc.org

*Refreshments will be served*
