2024-25 County Update

These two programs constitute [this year's Update](#):

- 1) [ABC webinar updated version for 2025](#) (1.5 hours). Upon successful completion, a certificate will automatically generate and appear towards the bottom of the TLC transcript.
- 2) [Self-Choice](#) option (1.5 hours)

Recommended self-choice options:

- ♦ [Infant Toddler Service Delivery Learning Path](#) Completion of the Learning Path is a pre-requisite to enrollment in a Professional Learning Community (PLC). Successful completion of the PLC leads to endorsement as a PA Early Intervention Coach. The Learning Path system tracks providers' progress and allows access to subsequent courses once earlier sections are complete.
- ♦ [EITA's Emergent Talkers course](#) (if not completed since 2022). Learn tools to help children transition from non-verbal to verbal communication, which includes foundational skills that should be used to support children throughout this process. **Credit:** No Credit/Certificate of Completion Available.
- ♦ For any personnel providing either Z6 or Z10 services, consider completing [Naturalistic Interventions in the Child Care Setting](#) (3.0 hours).
- ♦ For any personnel providing either Z6 or Z10 services, complete the STAT training/certification - contact agency leadership for more information.
